Spring has arrived in Northeast Tarrant County, and we have enjoyed some beautiful weather. All around Texas, the blooming of bluebonnets and other wildflowers makes weekend

drives more enjoyable. Also, with spring comes the threat of severe weather, so please keep in mind the alerts issued in your area and have a safety plan in place.

Join me, other Tarrant County elected officials, and area victim services professionals on Monday, April 22nd, at 9:00 a.m., at the Tom Vandergriff Civil Courts Building in downtown Fort Worth to kick off National Crime Victims' Rights Week. We will celebrate and honor survivors and local non-profits that offer support services to victims.

April is National Volunteer Month, and it's the perfect time to express our gratitude to the individuals who selflessly give their time to help others. Our success at Empowering Seniors and the Tarrant Transportation Summit is a testament to the dedication of our volunteers. Their active participation in our events and functions each year is invaluable. We couldn't give back the way we do without them. Thank you, volunteers!

Speaking of great events, our 14th Annual Tarrant Transportation Summit, held on Friday, February 9th, at the Hurst Conference Center, had a full house with

over 600 attendees. This event brought together business, transportation, and community leaders to hear speakers and motivators inform them about "SURGE: Readiness for Exponential Population Growth." I want to thank our incredible speakers, sponsors, volunteers, cities, and my staff for making this a very informative and memorable event.

We have big news! Tarrant County Judge Tim O'Hare and I are teaming up and joining Senior Synergy and Empowering Seniors to bring you the best senior expo ever! Save the date for Empowering Seniors on Thursday, August 29th, at Will Rogers Exhibition Hall. It will be a day filled with fun and informative activities for seniors, caregivers, and volunteers in our community. This year's epic event will be unforgettable! You can watch for more details at EmpoweringSeniors.com.

Please note there will be no Coffee with the Commissioner this month. However, you can stay informed and enjoy this issue of the Northeast Newsletter. This edition is packed full of information on Tarrant County Judge Tim O'Hare, National Work Zone Awareness Week, National Crime Victims' Rights Week, Older Americans Month, Child Abuse Prevention Month, the history of the City of Euless, Local Elections, Tarrant Area Food Bank Farmers Market, and much more. So, sit back, relax, and enjoy reading!

Historical Moment In Time

"City of Euless"

In March 1879, Elisha Adam and Judy Trigg Euless purchased a tract of land south of Bear Creek and built a new home and a cotton gin in the area of present-day Main Street and Euless Junior High School. In April 1879, Euless petitioned the Tarrant County Commissioners Court to create a road from Bedford, about three miles west of his land, to the Dallas County line at Bear Creek. He requested that the road pass by the "Grange Hall," which was now on his property. The court ordered the road established and appointed a jury, including Euless, to lay it out. The Grange Hall on the Euless property served as the location for a community school, probably sponsored by the local grange. The Grange Hall was torn down in the early 1900s after much use. After his settlement there, the community thrived, and local farmers decided to honor the popular young man whose arrival and gin seemed to coincide with the end of the hard times. They named their community for him.

Adam Euless continued farming until he was again lured into politics. In 1892, he defeated three contenders in a landslide election for county sheriff and was re-elected in 1894. Euless moved to Fort Worth when he was elected and was the first sheriff to occupy an office in the newly constructed county courthouse. After two terms, health problems persuaded Euless to retire from law enforcement and politics. Shortly afterward, in 1911, a stroke claimed his life, and he was buried in Fort Worth's Oakwood Cemetery.

The Himes Log House, among the oldest structures in the Dallas-Fort Worth Metroplex, is located in Heritage Park, Euless, Texas.

Photograph Date: 1893 circa / In 1893 Adam Euless was elected sheriff of Tarrant County. In this picture, on the steps of the new courthouse, Sheriff Euless is second from right in the middle row. His son is first from right in the middle row.

Question of the Month

Question: Who was the first Texas-born astronaut?

Answer: Alan Bean was born in Wheeler, north of Shamrock in the Panhandle, in 1932. After graduating from the University of Texas he joined the Navy and, in 1963, was selected by NASA for the astronaut program. He was on the backup crew for Gemini 10 but his first space flight didn't actually come until Apollo 12 in 1969. This second lunar landing was made dramatic when lightning struck the rocket on launch. Bean, the lunar module pilot, became the fourth human to walk on the moon. He also served on the second Skylab crew in 1973. Bean resigned from NASA in 1981 to become a professional artist and lived in Houston.

Before the Storm...
Know your risk,
Have a plan,
Be prepared
and
Practice and maintain your plan!

Weather Preparedness

Severe weather can occur with little or no warning. Taking precautions before the storms, such as developing an emergency plan, learning the warning signs, and monitoring tornado watches and warnings, can help you stay safe.

Understanding Severe Thunderstorm Risk Categories

THUNDERSTORMS (no label)	1 - MARGINAL (MRGL)	2 - SLIGHT (SLGT)	3 - ENHANCED (ENH)	4 - MODERATE (MDT)	5 - HIGH (HIGH)
No severe* thunderstorms expected	Isolated severe thunderstorms possible	Scattered severe storms possible	Numerous severe storms possible	Widespread severe storms likely	Widespread severe storms expected
Lightning/flooding threats exist with all thunderstorms	Limited in duration and/or coverage and/or intensity	Short-lived and/or not widespread, isolated intense storms possible	More persistent and/or widespread, a few intense	Long-lived, widespread and intense	Long-lived, very widespread and particularly intense
					

* NWS defines a severe thunderstorm as measured wind gusts to at least 58 mph, and/or hail to at least one inch in diameter, and/or a tornado. All thunderstorm categories imply lightning and the potential for flooding. Categories are also tied to the probability of a severe weather event within 25 miles of your location.

2024 NATIONAL WORK ZONE AWARENESS WEEK

April 15-19, 2024

In recognition of National Work Zone Awareness Week, April 15-19, 2024, this is a friendly reminder to drive safely. In 2023, more than 26,000 traffic crashes occurred in work zones in Texas, resulting in 190 deaths and another 803 serious injuries. Of the 190 traffic fatalities in Texas work zones in 2023, 77 percent were drivers or their passengers. In addition, two roadside workers were killed. Speeding, driver inattention, and unsafe lane changes were among the leading causes of work zone crashes.

Driver Safety: Work zones often present a challenging environment for drivers to navigate. Drivers may encounter uneven pavement, narrow lanes, concrete barriers, slow-moving heavy equipment, and vehicles that make sudden stops. Driving too fast and not paying attention are the leading causes of work zone crashes. Watch for warning signs and stay alert when driving through work zones. We want to ensure everyone and their passengers get home safely.

Please keep the following tips in mind when driving through work zones:

- Plan ahead to avoid delays.
- Pay attention and put the phone away
- Don't tailgate
- Obey road crew flaggers
- Slow down and follow posted work zone speed limits

Senior News

Every May, the Administration for Community Living leads the nation’s observance of Older Americans Month (OAM). The 2024 theme is **Powered by Connection**, which recognizes the profound impact of meaningful relationships and social connections on our health and well-being. We will explore the vital role that connectedness plays in supporting independence and aging in place by combatting isolation, loneliness, and other issues.

Join us in promoting the benefits of connecting with others. Here are some ways you can participate.

- Share facts about the mental, physical, and emotional health benefits of social connection and how it contributes to overall well-being.
- Promote resources that help older adults engage, like community events, social clubs, and volunteer opportunities.
- Connect older adults with local services, such as transportation, that can help them overcome obstacles to achieving or maintaining meaningful relationships.
- Encourage partners to host a connection-centric event or program focused on older adult mentors to youth, peer-to-peer support, or similar efforts.
- Challenge professional and personal networks to prioritize meaningful social connections and share the benefits.
- Inspire older adults to share what connection means to them on social media using the hashtag #PoweredByConnection.

Did you know that April is National Volunteer Month? This month is dedicated to promoting, encouraging, and celebrating volunteerism. With volunteers donating their time and passion to the causes they care about, most endeavors are possible. Volunteers make it happen!

National Volunteer Month has been celebrated on and off since the 1940s but has gained official recognition since 1990. Each year, a particular week is selected as National Volunteer Week: April 21-27. National Volunteer Week was made official in 1974 when Richard Nixon declared its importance. He called upon all communities to “recognize volunteers by observing the week with special ceremonies to honor those who have given countless hours for the betterment of our communities and the American way of life.” So now we celebrate a month with a special appreciation week within the month.
